Business and Marketing Administrator Needed in Innovative Start-Up

Would you like to be a part of a start-up focusing on the development of high-tech, innovative rehabilitation environments in the medical setting? Then keep reading!

We are a team of four PhD students within the Cluster of Excellence Interaction Technology (CITEC) at Bielefeld University developing a research-related business idea for a start-up project. We would like to add to our team a student or a professional within the business and marketing fields, which will provide new insights regarding economy and finances. Main tasks will range from business planning, market research and forecasting, contacting and dealing with prospective clients.

For our project, we are looking for team members who are

- Master or PhD students in the discipline of Business Management and/or Marketing
- Fluent in written and spoken English and German
- Good interpersonal communication skills and disciplined working attitude, especially dedication to the development of the project
- Extremely motivated
